WHO WE ARE?

Tweets Tech, founded in 2015 in Gaza by Palestinian entrepreneurs, is a leader in internet services and mobile app development. Despite the destruction of its headquarters in Gaza in 2024, the company expanded into Egypt and Oman, strengthening its regional presence. Tweet Tech has developed two exclusive technology products and has a marketing partnership with another product. These are being marketed locally and regionally, with a focus on global expansion, reflecting its commitment to innovation and quality.
